**Subject:** New Development I/M/O Lansing Rod and Gun Club Docket No. RCRA-02-2016-7003

Good Afternoon Messrs Oropallo and Paul, et al

I hope all is well. I am just today returning on duty following minor hand surgery. Thankfully, all went well. In full disclosure, this email communication is sent to advise you and Respondent, Lansing Rod and Gun Club (the "Club"), of a new development concerning correspondence EPA has received regarding the Club.

Please be advised that on July 18, 2018, my office received an electronic copy of a letter dated July 10, 2018 from Mr. Brian Eden, Chair of the Tomkins County Environmental Management Council ("TCEMC"), submitted to Mr. Peter Lopez, EPA Region 2 Regional Administrator.

Mr. Eden and the TCEMC are requesting that EPA enforce the existing Order to compel the Club to cease shooting lead shot into the Creek and wetlands at the Site. The TCEMC also objects to EPA granting the Club's request for an extension of time to reorient the Clubs ranges at the Lansing Site (the "Site").

Before the Regional Administrator responds to the TCEMC correspondence, it would be extremely helpful if you could provide EPA as soon as possible with an update. The update should include the following

information: to date what actions, if any, the Club has taken /will take to implement the ESP, to involve the public (i.e. community residents) as to the Club's plans to stop lead from entering the Creek and wetlands near the Site in compliance with the Order.

Should you wish to discuss this matter in further detail with EPA, you may contact me at (212) 637-3230, or via email at [hayden.melva@epa.gov](mailto:hayden.melva@epa.gov). I look forward to your response.

Sincerely,

Melva J. Hayden
